and intentionally omitted by the press and legal proceedings, so that a somewhat stiffer attitude would be desirable, naturally quiet and dignified.

"If you should leave New York before my return you must try to come to some agreement about some pending questions by writing." "You will receive then in Germany a long intended report of expenses paid through my account on your behalf. I should be very thankful to you if you would then support the question of monetary advance, which you know of, although I know that I was mistaken in my opinion that I acted as your representative and according to your wishes."

The remainder of the Albert letter consisted of news about his wife and other private affairs of no public interest.

The correspondence seized from von Papen and turned over to the American embassy, consisted of copies of letters and a summary of bank books and stocks. Later, Washington will be supplied with photographic copies.

The name of R. von Meysenburgh is not in the consular records. Ernst A. Meysenburgh, former consul at New Orleans, is at present engaged in the cotton business in that city.

The writer of the second letter, Dr. F. W. Meyer, is not mentioned in available records.

General Friedrich A. J. von Bernhardt until last September was commander of the Fifth German army corps. General von Bernhardt is well known as a military writer, many of his articles having appeared in American newspapers.

The Dr. Albert, writer of the fourth of the letters, probably is Dr. Heinrich F. Albert, commercial attaché of the German embassy in Washington. Dr. Albert has been mentioned at various times since the war started in connection with German activities in this country and on one occasion several months ago he issued a statement defending his acts, and declaring that charges made against him in "the newspapers" were false.

BERNSTORFF DECLINES TO BELIEVE RETORT

Washington, Jan. 14.—When Count von Bernstorff, the German ambassador, was shown London dispatches tonight, telling of the correspondence and accounts taken from Captain von Papen, the former German military attaché here, his comment was: "I don't believe it."

Further than that, the ambassador declined to be quoted for publication. He did make it plain, however, that he doubted that any documents of an incriminating nature had been taken from Captain von Papen, although he advanced as theory how the corre-

diplomatic representatives against the use of state department channels in forwarding accounts from the German embassy here to the foreign office in Berlin. The exact form taken by the protest has not been disclosed. Whether the British embassy objected to the act of this government in extending to Count von Bernstorff the courtesy of transmitting his accounts to Berlin, or whether it was suspected the accounts were not the ordinary routine matters they purported to be, is not known.

DR. MUELLER DENIES WRONG USE OF MONEY

Atlanta, Ga., Jan. 14.—Dr. William Mueller, former German consul at Seattle and now consul here, said today that he had received money from time to time from the German embassy at Washington "and possibly from von Papen," but that such money was used to send Germans from Seattle to New York, "on the chance that they might return to Germany."

"Any intimation that I was connected with any explosion at Seattle is absolutely unfounded," he said. "I do not recall that I received any specific sum from von Papen, but I often furnished money to Germans who wanted to go to New York on the chance that they might reach Germany. I was reimbursed by the German embassy."

Dr. Mueller was consul at Seattle from February to June, 1915.

FIFTY MEMBERS OF BRITISH CREW LOST

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Jan. 14, (1:55 p. m.)—The Malta correspondent of Reuters' Telegram company sends the following despatch:

"Fifty members of the crew of the British steamship 'Clan MacFarlane,' which was torpedoed in the Mediterranean, December 29, are still missing and have been given up as lost. Captain Sennott, commander of the steamship, is included among the missing."

"The survivors who have arrived here stated that the steamship was torpedoed without warning in a rough sea."

"The crew in lifeboats battled eight days against mountainous waves with the occupants on rations of half a biscuit and a small cup of water twice daily. Six lifeboats had been tied together, but three broke away before help came and are believed to have been lost."

COLD WAVE HAS ENTIRE NATION IN FRIGID GRIP

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Jan. 14.—Practically the entire United States tonight was in the grip of the winter's most severe cold wave. With the exception of Florida, every state had unseasonably low temperatures.

No immediate relief is in sight, the government's forecasters predicting that extremely cold weather would continue all over most of the country four or five days and perhaps longer. In the district from the Mississippi river west to the Rocky mountains, however, temperatures were slightly higher than last night.

Devil's Lake, N. D., where the thermometer registered 22 degrees below zero, was the coldest spot on the weather map tonight, while Miami, with a reading of 74 degrees, was the warmest.

In New Mexico weather is mild and almost unseasonably warm. While a cold wave has surged all around this state there have been here only two or three days of what might be called winter weather.

PROTECTION FOR MORMONS ASKED BY U. S. CONSUL

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

El Paso, Tex., Jan. 14.—American Consul Thomas D. Edwards, of Juarez, made representations today to General Govra, commandant at Juarez, to the Mormon colony of the Casas Grandes district in Chihuahua state.

Frequent attempts have been made by Consul Edwards to induce the Mormons, consisting of 100 men and about 400 women and children, to come to the border, but without avail. At present there are said to be about 100 Carranza soldiers at Casas Grandes.

GREAT STORM RAGES; HAMBURG IS FLOODED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Hamburg, via London, Jan. 14, (1:15 a. m.)—All street traffic here is shut up by unprecedented floods, caused by a west storm blowing water from the sea back up the Elbe river. Many cellars have been filled with water and the streets in the lower portion of the city are flooded to a depth of three inches. The storm reached its height at 11 o'clock Thursday night with the water in the Elbe at eighteen feet, three inches.

Summary of War News of Yesterday

The flag of the dual monarchy flies over Cetinje, and the Austro-Hungarians are continuing their march southward toward the fortified port of Antivari, driving before them by force of numbers the soldiers of King Nicholas.

Montenegro is now encompassed on all sides, except in the south, by the invaders, and across the southern border in Albania, should the forces be driven there, they will face foes in the Albanian tribesmen.

The newly acquired positions of the Austrians dominating the Adriatic sea have not sufficed to keep from leaving their warships, one of which, a cruiser of the Novara type, has been sent to the bottom in the Adriatic by a French underwater boat operating with the Italian fleet.

Another important position has been taken, by one of the Teutonic allies—the Turks—according to unofficial reports from Berlin. Kerman-shah, the so-called capital of Persia, famous for its rugs and carpets, and surrounded by fertile wheat country, has been entered by the Ottoman forces.

Little fighting is going on along any of the various fronts, except by means of the big guns and sniping operations.

The entente fleet again has bombarded Turkish positions on the evacuated Gallipoli peninsula.

Nothing has developed concerning the promised attack by the Teutonic allies on Saloniki, but advices from the Macedonia report are that the British and French continue to land reinforcements there in large numbers.

FRANCE REFUSES SENDING OF FOOD TO TEUTON BABIES

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Jan. 14.—France has declined "for military reasons" to permit shipments of condensed milk by charitable organizations in the United States to Germany and Austria-Hungary for the use of the babies of those countries. Ambassador Sharp, at Paris, and Ambassador Page, at London, were authorized recently by Secretary Lansing to inquire if the governments of France and Great Britain would permit such shipments, after the American Red Cross had agreed to undertake supervision of the distribution of the milk to assure its use for the purpose stated.

Ambassador Sharp's reply was received today by the state department. A department paraphrase of it follows:

"The French government, under date of January 13, reports receipt of your inquiry. It states that on account of military reasons, it is not willing to authorize shipments of milk to either Germany or Austria-Hungary even if the American Red Cross will supervise its distribution."

PEACE WITHOUT VICTORY NOT TO BE THOUGHT OF

Czar, in Russian New Year Order to Troops, Says Slavs Are to Remain in Struggle Until Successful.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

London, Jan. 14.—Reuters' Petrograd correspondent says that Emperor Nicholas, in an imperial order to the Russian army and navy on the occasion of the Russian New Year's day, proclaimed that there can be no peace without victory.

"Let us, therefore, impress upon your minds and consciences that there can be no peace without victory. However great the sufferings and however numerous the victims the struggle may cost us, we must bring victory to our mother country."

"Latterly I have had occasion to greet certain regiments on the fields of Moledecho and Viteika (south of Vilna), which had become famous because of the battles fought there in September last, and I realized how warm was the heart, how high was the spirit and how firm was the determination of all to do their sacred duty in defense of the country. I enter on the new year with firm confidence in the grace of God, in the moral power, in the unshakable resolution and fidelity of the whole Russian nation and in the martial valor of my army and navy."

"Rest assured, as I said at the beginning of the war, I will not make peace before we have forced the last of the enemy out of the limits of the mother country, and not otherwise than with the consent of our allies to whom we are bound, not by paper, but by a sincere friendship and the tie of blood."

Emperor Nicholas in these words addressed to one of his armies on the Russian front during the week preceding the Russian Christmas, once more replied to the rumors of a separate peace in Russia, which have even reached the men in the trenches.

The emperor after visiting the armies on the southern front, reviewed those of General Alexei. Berti, commander of the forces in the west. Addressing the officers, he said:

"I speak to you, most heroic representatives of our army, wishing deeply and sincerely to thank you for your mighty valor and heroic efforts in the present campaign. I beg you to pass to your men my words, thanking them also for the heavy strain they manfully endured, which all Russia and I personally value."

Emperor Nicholas then gave his assurance that he would not make a separate peace.

The following day he inspected the army corps commanded by General Kurapatka, the hero of the Japanese war.

NO CLUE TO FAMILY OF ONE VILLA VICTIM

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
El Paso, Tex., Jan. 14.—Although he was known along the border forty years, none of the mining men here or in Arizona had been able up to tonight to clear the mystery concerning the identity of Thomas Johnson, one of the eighteen Americans slain by Mexican bandits Monday at Santa Ysabel. His body lies here unclaimed, despite every effort that has been made to learn something concerning his family connections. The sheriff of Cochise county, Arizona, where Johnson was supposed to have a daughter, published an appeal today for information, without results.

The body of J. P. McCoy, another one of the victims, was sent to Blue, tonight on a train that also carried the body of Alexander Hall, whose wife and three children live in Douglas.

A fourth body, that of R. H. Sims,

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh. Hood's Sarsaparilla strengthens and tones the whole system. It builds up, ask your druggist for Hood's, and insist on having it. There is no real substitute.

The funeral of C. R. Watson will be held here Sunday under the auspices of the Shriner's. Masonic lodge will conduct services Monday for W. J. Wallace.
